GOV. HYDE SPEAKS AT BARNARD PICNIC

ARRIVES JUST BEFORE NOON—; ADDRESS AT 2:45 O'CLOCK.

LARGE CROWD ATTENDS

The Rev. R. E. Snodgrass Also Speaks Today—Lamkin and Hirth Tomorrow.

Governor A. M. Hyde arrived in Barnard on the Burlington train today about noon and spoke at the picnic being held at that town at 2:45 o'clock this afternoon. One of the largest crows ever in attendance at the Barnard Picnic was present to hear the governor.

Governor Hyde was entertained at dinner at the home of John Fields in Barnard. Among the guests at dinner were: W. C. Pierce, Will F. Phares, Frank P. Reuillard and H. L. Raines of Maryville. Editor Fred Hull and a number of other Maryville Republicans went to Barnard this afternoon to hear the governor.

This is Governor's Hyde's first speech in the county since his election

The Rev. R. E. Snodgrass of Maryville was the other speaker at the picnic this afternoon.

Barnard and Bolckow are playing a ball game this afternoon at the grounds. Yesterday Barnard won from Bolckow by a score of 7 to 2.

There are several free acts such as Don Delmore, a tight wire walker; Vona and Flora in globe rolling; cycling; and balloon ascensions. A good crowd was in attendance at the picnic yesterday.

Uel W. Lamkin, president-elect of the State Teachers College, is the speaker at the closing day of the picnic tomorrow afternoon. Mr. Lamkin arrived in Maryville yesterday after a speaking trip. William Hirth of Columbia is the other speaker for the closing day.

Woodriver, Ill., Aug. 5.—With $46,000 stolen from the mails here yesterday recovered late Thursday, officers today continued search for the bandits who slugged the postal messenger and staged the senational robbery. It is believed the bandits had inside information and have fled out of St. Louis to the South.

ILL HEALTH CAUSES HIGH SCHOOL TEACHER TO RESIGN

Miss Nannah Ezell Asks Board of Education to Release Her—One Other Vacancy.

Miss Nannah Ezell, who taught in the high school last year and was reelected for the coming year, has written the school board of her resignation on account of ill health. With this vacancy, there is still one other teacher to be selected, that of science instructor in the high school. These two vacancies will be filled soon by the school board.

The addition to the central school building, it is said, will be ready by the time of the opening of school. The contractor thinks that the building will be completed by that time. Some members of the school board are of the opinion it will take a little longer time to complete the building.

School will probably commence on Monday, September 5. This date has not yet been definitely decided on by the school board, however.

MRS. E. CLARK DIES AT ST. FRANCIS HOSPITAL

Death Occurs at 12:30 o'Clock—Burial Rites Will be Held Sunday Afternoon

Mrs. Eleanor Clark, mother of Mrs. E. J. Williams of this city, died at 12:30 o'clock today at the St. Francis hospital where she had been for the last two weeks suffering from a broken hip. Mrs. Clark was past 91 years old and had been in failing health for some time. Early Sunday morning, July 24, Mrs. Clark fell in her room at her daughter's home and suffered the broken hip. She was immediately taken to the hospital where she has been in a critical condition since.

Mrs. Clark has been a resident of Nodaway County for over fifty years. Her husband, Solomon Clark died about seven years ago. Since that time, Mrs. Clark had made her home with her only daughter, Mrs. Williams. Mr. and Mrs. Clark lived on a farm near Pickering for many years, and on Mr. Clark's retiring from farming they moved to Pickering and lived until his death. Previous to living in Missouri, they resided in Pennsylvania.

Mrs. Clark is survived by her daughter, Mrs. Williams; one sister, Mrs. Angie Parker of Pickering; a daughter-in-law, Mrs. May Montanye; six grandchildren, Donald and E. E. Williams of Maryville, Harold Walker of Wahoo, Neb., Walter Montanye of Oaks, N. Dak., and Erma and Hazel Montanye of Kansas City. A son, John Montanye, died ten years ago.

Funeral services for Mrs. Clark will be held Sunday afternoon at the house with burial in Miriam cemetery. Complete arrangements have not been made.

Will Visit Here.

Walter G. Cook of Boise, Idaho, is expected to arrive Monday for a two weeks' visit with his mother Mrs. L. D. Cook, and his brothers, L. C., E. G. and T. H. Cook. His wife has been visiting with her parents, Mr. and Mrs. Fred Winslow, at Quitman, for several months.

California Visitors

Mrs. Paul Gray and children, Mowry and Mildred, of Santa Barbara, Cal., arrived in Maryville this morning for a visit with Mr. Gray's mother, Mrs. Rebecca Gray.

Mr. and Mrs. Eugene Klass of Parnell were Maryville visitors today.

COUNTY ROAD SIGNS READY FOR PLACING

WILL BE PUT UP SOON BY CHAMBER OF COMMERCE

NODAWAY BEST MARKED

Tourist Camp Signs Also Ready for Erection—Building Progressing Rapidly.

Six hundred signs for marking the roads in the county have been completed under the direction of the Chamber of Commerce and are now ready to be put up. One road will probably be marked today and others as rapidly as the work can be done by volunteers.

Wis the six hundred signs placed on all roads leading to Maryville, the Chamber of Commerce will have attained its goal of having Nodaway County the best marked county in the state. At least three of the signs will be placed on each mile of road, with all corners marked.

The signs bear the name of Maryville and the town from which the road leads. Between Wilcox and Maryville the signs will read:

MARYVILLE (arrow)
(arrow) WILCOX

On the other side of Wilcox the signs will be:

MARYVILLE (arrow)
(arrow) BURLINGTON JUNCTION

One road will be marked all the way from Maryville to Albany. The signs will simply designate the direction to Maryville on this road. They will be placed by H. B. Cushman.

The tourist camp signs have also been finished and will be put up at the same time as the signs marking the roads to county towns.

The laying of the tile of the shelter house at the tourist camp ground in College Park is under way today. The foundation and cement floor has been completed and the plumbing roughed in. The building will be completed in time for the Farmers' Picnic, August 26 and 27.

MARYVILLE TILE FACTORY CATCHES FIRE THIRD TIME

Sparks From South Bound Freight Cause Blaze—Chemicals Failed to Put It Out.

The tile factory in east Maryville, north of the Burlington depot, was set afire at noon today by sparks from a south-bound freight. The train crew tried to extinguish the blaze but failed and the fire alarm was sent in about 12:30 o'clock.

When the fire department arrived at the west side of the factory it looked as though the fire could be put out easily with the chemicals. However, the whole east side of the building was ablaze and the hose had to be used. It took about thirty minutes of work to subdue the flames.

The tile factory has been on fire twice before and was not in very good condition. The damage was not estimated but had the building been new it would have amounted to several hundred dollars.

THE REV. COOPER TO PREACH ON "THE CHRISTIAN SOLDIER"

"The Christian Soldier" will be the subject of a series of sermons to be given by the Rev. J. A. Cooper, pastor of the First Baptist Church of this city. The Rev. Cooper will preach the first of the series next Sunday morning on "The Christian Soldier and His Handicaps."

There will be no evening service because of Chautauqua. Sunday School will be held in the morning at 9:30 o'clock, morning worship at 11 o'clock and B. Y. P. U. at 6:45 o'clock.

MOTOR CAR ROBBERS GET $1500 FROM TARKIO STORE

Farmers' Store Is Broken Into About 3:00 o'Clock This Morning.

Robbers stole merchandise valued at about $1,500 from the Farmers' Store at Tarkio last night. George Shoecraft, proprietor of the store, telephoned to Maryville this morning for bloodhounds, but as kennels are no longer maintained here, they could not be sent.

The robbery is thought to have occurred about 3 o'clock this morning. The thieves made their escape in a large touring car.

GRADING ALMOST FINISHED AT NORTHWEST WOOL POOL

Sealed Bids Will be Received on All or Any Part of 415,000 Pounds of Fleece.

Grading has just about been finished at the Northwest Missouri Wool Pool at St. Joseph, where 415,000 pounds of fleece are stored. It has been decided to hold a sealed bid auction of the wool on August 20, in order to interest as many buyers as possible. Bids will be accepted on any part of any of the grades.

Some of the wool may be made directly into blankets, which will be sent to the wool growers in part payment for their consignments, if they want the blankets.

FIRST PROGRAM OF CHAUTAUQUA TODAY

ONE OF ORCHESTRA OF TROUBADOURS ILL AT LENOX.

DR. MACGOWAN TONIGHT

Famous Scotch Minister Will Give Address on "The Individual and Society."

Tomorrow's Program

9:00—Junior Town.

2:30—Prelude, Rich-Werno Entertainers. Lecture "The Creed of Democracy.", Granville Jones.

8:00 p. m.—Prelude, Rich-Werno Entertainers, Lecture "New Calls to Service", Quin O'Brien.

The first program of the seasons chautauqua was given by George Tack and his Orchestral Troubadours this afternoon in the big tent on the High School grounds. Charles C. Wiles, the drummer and xylophone soloist, was unable to be with the company this afternoon because of illness. He played with the troop yesterday at Lenox, Iowa, but the physician there refused to permit him to come to Maryville last night with the rest of the company. He will arrive in Maryville this afternoon and be with the company in the evening's performance.

The Orchestral Troubadours are in most part reperenstatives of the University of Nebraska. George Tack, manager of the company is an instructor in the University school of Music at Lincoln. He played the flute with the company this afternoon. In an interview with one of the Democrat-Forum reporters this morning he said that he did not give any flute solos on the platform because the tendancy towords modern Jazz music took from the appreciation of flute solos.

Character songs, and impersonations, "tin whistle" novelties by Mr. Tack, crooning lullabies, snappy campus songs, novelty medleys and music that makes the heart sing and the feet hum are features of their program.

Robert S. MacGowan will be the lecturer tonight. He takes as his subject, "The Individual and Society" to show in part the relationship of the individual to the government.

Dr. MacGowan has had the advantage of both American and European study and platform experience. He holds degrees from the University of Glasgow, Scotland, and the University of Pittsburg. At the Univeristy of London, England, he took post-graduate work in pyschology. He is a graduate of the four-year course in the United Free Seminaries of Glasgow and Edinburgh.

His first ministry was in his native land, Scotland, but when he felt the call to service in American he experienced little difficulty in soon attaining prominence. In recent years he has been serving Bellefield Presbyterian church in Pittsburg, and in connection with his work there he has found time to fill a large number of lyceum and chautauqua engagements. Likewise, he has been able to give a series of lectures in some of the leading college in the east and middle west.

The members of the crew this year are taken from four different states but have as their foreman a Missourian and better than that a Maryville boy, Jesse Boatman. Other members of the crew this year are Leonard Stedly, Fort Madison; Evert Delaney, Centralia; and Harold S. Armstrong of Clear Lake, Iowa.

The crew was busy today until time for the program but members of the Trabadours and Dr. MacCowan were busy finding amusement in towns. Most of theme were busy playing tennis and car riding, but Dr. MacGowan was out early looking for a golf course. That is his chief sport and he never gets into a town until he is in search for some one who can direct him to a course.

G. W. Knight is superintendent this year and Miss Eloise Smith has charge of the Junior Chautauqua. Junior Town was organized this afternoon after the program. The children will work every morning on the preparations of Mother Goose Party which they will give the last evening of the Chautauqua.

Season reserve seat tickets for the whole week were put on sale at 1 o'clock today. The advance sale is limited to ten to any one buyer. Seats are reserved for 5 cents a session, plus

5 MEN ARRESTED FOR AUTO THEFT

MEN ARE CHARGED WITH STEALING THE HUBBELL CAR.

TO MARYVILLE TONIGHT

Paul Campbell and Francis Richey of Barnard Identified Two of the Men as Being in the Car.

The men who stole the John R. Hubbell Buick car have been arrested by the authorities in St. Joseph and will be brought to Maryville this evening by Sheriff Roach, Deputy Sheriff Atherton and Prosecuting Attorney McCaffrey. The men arrested gave the names of Ernest Jackson, Jess Anderson, Charles Whitmore and Claud George. A fifth man, William Solomon, was arrested in Kansas City this afternoon and will be brought to Maryville tonight. He had some connection with the stealing, it is said. A charge of grand larceny will be placed against these men.

Francis Richey and Paul Campbell of Barnard identified Jackson and Anderson as the two men who were in a car on the night the auto was stolen, which afterwards they discovered to belong to Hubbell. George was the man the stolen car was sold to for $965 and Whitmore was said to be connected with these men and assisted in the sale of the car.

The Hubbell car was stolen from the streets of Barnard about 9 o'clock a week ago Saturday night during a band concert. The car was located in St. Joseph and Mr. Hubbell returned home with the machine Wednesday.

MISSOURI SOLDIERS TO GE NO BONUS FOR AT LEAST TWO YEARS

The $15,000,000 state bond issue for a soldiers' bonus authorized at Tuesday's special election will not benefit the former service men directly until after the next regular session of the legislature, which will not be held for eighteen months, although Gov. Hyde could call a special session for that purpose.

The situation is the same as with the $60,000,000 road bond issue authorized last November. It will be necessary for the legislature to pass a bill providing for issuing and selling the bonds, and bills providing for distribution to the former service men and for interest and sinking fund on the bonds. At the earliest, if such bill carry the emergency clause, it probably will be two years before this legislative work can be done the bonds sold and the distribution take place. Revenue and sinking fund must be provided for by a special tax.

NO CHANGE IN LATE RETURNS ON PROPOSALS

St. Louis, Aug 5.—Scattering returns from Tuesday's special election, which continued to be received last night, apparently made little change in the status of the three constitutional amendments and the proposal for a constitutional convention, passage of which had been indicated by earlier returns.

Large majorities for the amendment providing for a soldier bonus, that allowing the use of motor car fees for payment of road bond interest, and the proposal for the constitutional convention were indicated on the face of incomplete returns complied by a St. Louis newspaper. The amendment allowing women to hold all state offices still maintained a majority of more than eleven thousand on these returns, although additional rural counties continue to show small majorities against it.

LARGEST CIRCULATION IN NODAWAY COUNTY

YOUR ROAD TO RICHES.

Here's a man who, at 33, has worked himself up from stenographer to treasurer of the $100,000,000.00 company that supplies Chicago with gas. His name is George F. Mitchell. What is it that has made Mitchell rise so rapidly to success while other men, who started on the same footing and with just as good chances have stood still? This question interests you, groping for the door to power and wealth.

Its answer is—ability, good workmanship, thoroughness to the last detail, and patient toil to acquire knowledge.

At 14, Mitchell went to work for a steel mill. Three years later, he was taking a business and stenographic course by day and paying his way by "carrying a spear" and shifting theatre scenery at night.

He rose to success because he did every job well, no matter how humble, and because he constantly trained himself so that whenever something better came along he was prepared to handle it.

At 43, Carl Nyquist is handling $140,000,000 worth of property. He's vice-president of the Rock Island railroad, and one of the youngest railroad executives in America.

"Luck? There's no such thing," he says. "I started at 19 as a $15 a week clerk. How to succeed? Here's my way:

"I made my work the most interesting and important thing in my life. I didn't change employers. I haven't taken a vacation in 15 years. And in 24 years I've missed only five days from my job. Make your work successful and your work will make you successful."

When John D. Rockefeller organized the Standard Oil Co., in 1870, he was only 31 years old.

Despite his youth, he already was a big success, with his first million dollars within reach if not already in his pocket.

Fifteen years before that, when he was 16, Rockefeller was a clerk in a commission house on old Water street, Cleveland.

Today he is the richest man in the world. Thousands of reasons have been advanced to account for his success. The real one was voiced years ago by the people that employed him in his early youth:

"He was the best clerk and bookkeeper we ever had."

The same was true of every job that Rockefeller ever turned his hand to. If you doubt it, ask his competitors.

It was not given to all of us to become Rockefellers, Michells and Nyquists.

But each of us can attain success to a satisfactory degree by observing three simple rules:

FIRST: Do every job thoroughly as it comes along.

SECOND: While making the immediate job a success, lay out a campaign for the future and prepare yourself to handle a better job when it comes.

THIRD: Save your money so you can finance opportunity when it arrives.

The annual agricultural and live stock show in St. Francois county is to be held October 21-22, it has been announced.

CARMEN PASCOVA WILL SING AT CHAUTAUQUA MONDAY

Her Father is a Financier and Her Mother a Professor—A Native of Australia.

The most interesting grand opera prima donne now singing in this country is, in all probability, Miss Carmen Pascova, the charming young Australian mezzo-soprano of the Chicago Opera Asosciation and the Redpath-Vawter Chautauqua System, who will be the big feature attraction on Monday the fourth day of the Chautauqua. She will be a guest of the Chamber of Commerce at its Monday evening luncheon.

Miss Pascova is a native of Australia of Russian decent. Her mother formerly an opera singer of international reputation, is professor of singing and opera at the University of Melbourne, where she is acclaimed "The Marchesi of The Southern Hemisphere". Her father is recognized as one of the ablest authorities on finance and economics in the Antipodes. He is the author of many important financial measures, including the "Credit Foncier System of Australia", after which the farm loans acts of the United States are modeled.

Miss Pascova's first operatic appearance, at the early age of sixteen was in the title role of "Carmen," with the Royal Grand Opera Company, at the Princess Theatre, Melbourne, where she scored a sensational hit. After several busy seasons in her native land Miss Pascova went to Europe. She sang with great success in London, Vienna and Petrograd until the outbreak of the world war.

During the great conflict Miss Pascova devoted herself almost exclusively to war relief work. She gave concerts in Russia, India, China and Australia and many thousands of dollars were raised through her efforts. She also sang innumerable times in military hospitals and camps.

The pretty diva was in Petrograd at the beginning of the Russian revolution but succeeded in making her way out of the country, assisted by influential friends. By great good fortune she was able to book a passage to New York where she landed in the Summer of 1918.

After several important concert engagements in the East, Miss Pascova was engaged to sing the leading mezzo-soprano roles with the Chicago Opera Association, which she did very successfully during the 1920-1921 season just closed.

Miss Pascova is a stately blonde beauty, with a most magnetic personality and a voice of translucent lovliness. Gilbert P. Riswold, the famous Scandinavian sculptor, recently selected her as, "the most attractive opera singer now appearing before the American public."

The New York Herald recently choose Miss Pascova as one of the "Greatest Singers". The Herald's complete list was a follows: Antonio Scotti, Caludia Muzio, Charles Hackett, Lucien Muratore, Rosa Ponselle, Leon Rothier, Carmen Pascova, Giuseppe de Luca, Evelyn Scotney, Cyrenna Van Gorden, Tito Schipa and Amelita Galli-Curci.

E. O. Hoppe, the far famed English portrait painter, has just let it be known that Miss Pascova's picture will be the only portrait of a grand opera star to be included in his much talked of exhibition, "Britain's Fairest Daughters", which is soon to be open in London, England.

Miss Pascova's pet hobby is the discussion of international financial questions, a talent for which she has inherited from her illustrious father. She is said to be the best informed singer, on the operatic and concert stage, on the subject of economics.

ABANDONMENT OF FAMOUS LEPROSY COLONY EXPECTED

Use of New Chaulmoogra Oil Cure Bring Remarkable Results in Number Healed.

Honolulu, Hawaii,- Aug. 5.—Complete abandonment of the famous Kalaupapa Settlement, Island of Molokaj, as a leprosarium may be effected within the next few years in view of the remarkable results that are being obtained from the use of a new chaulmoogra oil specific, created by Dr. Arthur L. Dean, president of the University of Hawaii, in the treatment of leprosy.

No more patients are being sent to the Kalaupapa Settlement because of the success of the specific, all new cases being treated at the Kalihi Hospital, Honolulu, from which patients are often released as cured in less than a year. It has been estimated that within two years from 65 to 75 per cent of the patients at Kalaupapa will have been released as cured. As a number of patients will undoubtedly not desire to leave Molokaj, they may be allowed to take up homesteads there.

If present plans materialize, the 450 or 500 newspapermen from forty countries who are coming to Honolulu in October to attend the sessions of the Press Congress of the World will be taken on a tour of inspection of the settlement and given an opportunity to see what a really modern and efficient institution it is. So impressed were members of the 1921 Hawaiian Legislature with the settlement that they granted substantial additional appropriations for it and increased the allowance to and gave other concession to the patients.

Instead of being downhearted, as they once were, when hope for relief seemed unthinkable, the Kalaupapa patients have taken a new lease on life and have the utmost faith in the new specific, looking forward to the day when they will be cured and allowed to return to their homes.

CIRCUS DOORMEN WITNESS MANY HUMOROUS ASPECTS

Has His Own System for Collecting From Children Who Want Free Admission.

There are lots of happening on the front door of the Sells-Floto circus, coming to Maryville, August 9, that have their humorous aspects, and they make the hard grind for the doorman brighter through that fact.

Of course, parents will always try to get their children in free. The door man assigned to collect the price of children's admission from such parents has a system. A lady will come staggering under the weight of a nine year old boy, and the door man will halt her politely and say: "Madame, you'll have to pay the children's admission for the youngster."

"But, he's only two and a half years old!"

"Ah, madame, that may be so, but, you see, we are required to admit only half witted children over age. We are expressly instructed to collect for all intelligent looking boys and girls. Now, this child has a fine forehead—a very intelligent looking lad. I congratulate you."

By this time the woman will be gladly digging for the half fare necessary. It never fails to work, and, strange to say, very few women smile at the broad subterfuge.

This same door man once varied his talk when a colored woman came to the front door with her own admission ticket and four husky boys and girls, ranging in age from six to eleven.

"Madame, you'll have to pay for the young people," he explained, "You see the government requires a luxury tax for all good looking children. Such children as these—and they are attractive, aren't they?—are luxuries."

The colored woman snorted: "Lan' sakes! Luxuries! 'Deed not! Dese heah ain't luxuries. They'se miseries!"

PICKERING.

(O. G. Null).

Geo. H. Swaney returned Monday from Hitchcock, South Dakota, where he had been visiting relatives for a week.

Miss Ora McMillen left Wednesday for Oakdale, Nebr., where she will visit relatives for two weeks.

Mr. Vern Fakes started Friday morning for Eureka, Cal., where he will visit the family of his brother, E. N. Fakes. He will be accompanied by his sister, Mrs. A. B. McGlothlan of St. Joseph.

Rev. and Mrs. J. T. Alsup of Bristow, Okla., visited friends here the first of the week. Rev. Alsup was pastor of the church at this place prior to the present pastor, W. A. Chapman, but moved to Bristow about three years ago.. He preached to a large audience on Tuesday evening in the Christian church and met many of his former parishioners.

Mr. and Mrs. J. W. Wiley announce the birth of a son on Thursday at the St. Francis hospital.

In the passage of C. A. Wolfers last week this community lost one of its oldest, best known and most influential citizens. By his energetic, upright life and by his genial personality he had endeared himself to the entire community and his place in commercial, social and religious affairs will be hard to fill. A great man indeed has passed from our midst.

Will C. Holtman of Ravenwood was a business visitor in Maryville yesterday.

The annual picnic of the St. Charles County Farm Bureau is to be held next Saturday, August 6.

A booklet about the
MISSOURI CENTENNIAL EXPOSITION AND STATE FAIR
~Free for the asking~

"MISSOURI'S Biggest Event" is the name which has been given to the celebration of the State's hundredth birthday, August 8-20.

And the name fits like a wet bathing suit!

Starting with the Grand Opening and lasting until the closing day, the Centennial-Fair will be compactly filled with every form of entertainment and amusement, educational and interesting, that a large appropriation of money can secure.

"The Pageant of Missouri," a great spectacle picturing the State's impressive history, will be presented each night during the first week on an enormous 600-foot stage. The same stage during the second week will be the scene of the elaborate fireworks extravaganza, "The Arabian Nights," in which $1,000 worth of fireworks and 500 persons will nightly be the principal features.

Auto Polo!! Exciting, thrilling auto polo will be featured on seven days during the Fair! Motor races, horse races, and many other speed events will appeal to the sportiest individual.

And do you like thrills? If you do, you can't afford to miss Ruth Law's Flying Circus! It's a regular three-ring show with the whole sky for a tent. President Harding has been invited—but what's the use of even trying to tell it all here? Booklet "G" tells the whole story!

THE true measure of worth in the NEW LIGHT-SIX is to be found in the enormous demand that has existed for this car even in the so-called period of depression. For during the first six months of 1921, Studebaker produced and sold more automobiles than any other manufacturer in the country with the exception of one manufacturer of a well known and very low-priced car.

Played With Wilcox

Joe Sullivan, Os King and Bob Turpin of Bethany journeyed to Wilcox Mo., last Thursday night and played ball with Wilcox at Clearmont the next day. An intense rivalry between the two teams, which are managed by brothers, had developed, and each one was to win. Roy Sanders, former Pittsburg Pirate, worked on the mound for Wilcox, while Luschen, a Western Leaguer for several years toiled for Clearmont. The first inning saw a score credited to Clearmont on a home run off Sanders, who allowed but one other hit during the game. Wilcox did not score until the ninth, when Sullivan was hit, and King followed with a right field single. Instead of holding up at third Sullivan guessed the throw would be to second to head off King and kept on for home, beating the throw and scoring the run needed to tie. Turpin, catching Sanders, handled himself well. Wilcox finally scored the winning run in the 12th inning, the score being 2 to 1. Sanders struck out twenty-one men and Luschen 19.—Bethany Republican.

BOY SCOUTS MEET TONIGHT TO PLAN ANNUAL OUTING

General Expense for the Trip Will not Exceed $5 Is Estimate of Scoutmaster.

The Maryville Boy Scouts will meet tonight to discuss with their Scoutmaster, M. A. Peery, their annual camping trip. The meeting tonight will be given mostly to the camp proposition and to ascertain how many Scouts are planning to take the outing. Mr. Peery estimated that the general expense to each Scout who would make the trip would not be more than five dollars. This amount would cover the cost of provisions and a camp cook.

To make the outing most successful there should be at least fifty Scouts go into camp, as preparations for a less number would hardly be worth while. There will be another meeting, called to make arrangements for location and other questions which will need to be decided for the trip if there are enough Scouts who express their desire to have the camp.

PARNELL REVIVAL STARTS TUESDAY NIGHT IN TENT

The big tent meeting conducted by Evangelist H. C. Hawkins and helpers started Tuesday night at Parnell. The tent is pitched in the park and each service creates more interest and a larger attendance. The pastor, the Rev. W. F. Wiley, plans to make the meetings an inspiring revival and have the tent filled to its capaciwithin a short time.

METROPOLITAN OPERA WILL MOURN CARUSO 30 DAYS

Crepe Will Adorn Exterior of Metropolitan Opera House For a Month.

New York, Aug 4.—The exterior of the Metropolitan Opera house where Enrico Caruso was a leading tenor for eighteen season, was draped in heavy mourning today as a mark of sorrow brought by the death of the noted singer. The black draperies will remain on the opera house for thirty days.

A memoria lmass for Caruso was said today in the church of Our Lady of Loretto by the pastor Father Joseph Sillipigni.

According to a will, which Constantino J. Sperco, a notary, said he drew up for Caruso two years ago, the bulk of the tenor's estate was to be divided equally upon his death among his six nearest relatives. They are the tenor's widow, who was Dorothy Park Benjamin, their daughter, Gloria, his two sons by a previous marriage, Rudolfo and Enrico, his brother, Giovanni and his stepmother.

"Caruso spent his earning like wildfire", Mr. Sperco said. "He never got more than $2,500 a performance for singing at the opera here. I know because I always saw the checks. He never refused the appeal for aid from a fellow countryman. He had lots of appeals and always appeased them with $100 bills. His income tax in 1919 was $170,000. Last year it was $165,000."

Ravenwood Picnic, Aug. 18, 19, 20

Ravenwood will have three days picnic this year—Thursday, Friday and Saturday, August 18, 19 and 20. The first day's program will be in charge of the ex-service men of Jackson township, second day in charge of the farmers, and the third or last day in charge of the merchants. There will be a merry-go-round and other entertainment to please and entertain the old and young.

California Visitor Here.

George Lowe of Fresno, Cal., arrived in Maryville today for a visit with relatives and friends. Mr. Lowe is a former Nodaway county resident, having lived at Parnell for a number of years.

Interest in Farm Bureau work was so great at the four picnics recently held in Linn county that the county organization there has decided to stage a supplemental membership campaign in September and give every farmer in the county an opportunity to enlist under the Farm Bureau banner.

Pulaski county has a new county agent. His name is Keller and he is a brother of E. R. Keller, the hustling agent in Pike county. That ought to be recommendation enough.

BURLINGTON R. R. PRESIDENT EXPECTS A COAL FAMINE.

Chicago, Aug. 5.—"If what happened in recent years is a safe criterion by which to judge, said E. P. Bracken, vice president of the Burlington road, "we are going to experience one of the greatest coal shortages in history, unless the public gets busy and buys coal—now.

"The almost total lack of coal buying at this time is most alarming," continued Mr. Bracken. "Unless the public commences at once to buy and store coal, the ultimate result will be that when the first cold snap happens along unexpectedly, everybody will want coal in a hurry and many of them will not get it, because there will not be cars and engines enough to supply the demand.

"The Burlington railroad is now building coal mountains at various coaling stations on its lines and is storing 330,000 tons or 8,250,000 bushels. The advantages of this are that the Burlington will thus be enabled to use its engines and coal cars exclusively for the handling of commercial coal this fall, when the demand is overwhelming and equipment scarce, and render 100 per cent service to the public; the railroad can distribute the coal more economically during the summer season, because trains can be loaded to maximum capacity and transportation necessarily can be conducted more economically than after bad weather has set in."

BIG DOINGS AT CLARINDA FAIR

Definite booking of "The Siege of the Dardanelles" a great naval war spectacle, as one of the headline attractions at the Clarinda Fair, August 22 to 26th was announced today by the Secretary.

This will be the biggest war spectacle ever produced in the state, officials of the fair declared today in announcing the engagement of the production.

The spectacle reproduces the most famous naval battle of the late war in which the Allied fleets launched a desperate attack upon the straits of the Dardanelles in an attempt to capture Constantinople. It was one of the most spectaculor engagements of the war. Fireworks experts have taken the story of the battle and will reproduce it on a giant outdoor stage over 475 feet long. The scenery and mechanical details for the production was built in Chicago by the Thearle-Duffield Fireworks Co. Every ship and fort taking part in the battle will be an exact copy of the original. The scenic background will show the straits of the Dardanelles, the sea the land forts and the city of Constantinople in the distance.

The maneuvering of the warships the bombardment, exploding mines sinking vessels and other details of the fighting will be operated by a corps of experts brought here from Chicago. Tons of explosives and fireworks devices of all sorts will be used.

Officials of the fair, in announcing the engagement of the spectacle, declare that it is one of the most gripping and inspiring productions of its kind ever staged.

Undergoes Operation.

Is a Larger Number Than Have Taken August Examinations in Many Years.

There are 107 who are taking the teachers examinations which are being given at the high school building today and tomorrow. This is a larger number than have taken the examinations in August for several year, said Bert Cooper, county superintendent of schools, who has charge of the examinations today. He gives as his opinion for the increased number taking the examinations the facts that work is not so plentiful as it has been the past few years and there are a number who have been taken out of clerical positions which were open during the war and are now drifting back into the teaching profession. The number today is not so large as it was when the examinations were given in April and June.

COLLEGE PAPER RECEIVES SUPPORT FROM STUDENTS

Columbia, Mo., Aug. 1.—The College Farmer, an agriculture paper published by the students of the University of Missouri College of Agriculture, will resume publication next September, the issue being Vol. 15, No. 1. This paper was founded in 1904, but publication was suspended with the January 1918 issue on account of the war. All classes of students in the College are heartily supporting the paper, and the circulation is nearly large enough now for it to qualify for membership in the Agricultural College Magazines, Associated, an association of magazines published by the larger agricultural colleges in the country.

The editorial policy of the magazines is the most important factor in gaining the support of all classes of students. The College Farmer will picture student life and farm life in their true relation. It hopes to bind together all classes in the College of Agriculture for their mutual benefit and for the advancement of the College.

Left for St. Louis.

Mrs. J. W. Toel and Mrs. W. J. Montgomery left last evening for St. Louis where they will visit a few days at the home of Mr. and Mrs. C. W. Toel.

FIRST PROGRAM TODAY

(Continued from Page 1)

1 cent war tax. A season reserve, entitling the holder to the same seat throughout the Chautauqua, is 75 cents, which includes war tax.

The first two rows of seats in the tent are reserved, without extra cost, for the old folks and for those whose hearing may be impaired.

Tomorrow's program includes the Rich-Werno Entertainers and lectures by Granville Jones and Quin O'Brien. The entertainers are Rita Rich and Laura Werno. Both are singers, both readers of different types, both pianists. Years of association together have made their team work perfect.

Miss Rich captivates the audiences instantly with her child impersonations and stories, and they are so true to life that you think of the wee ones cuddled in their beds at home or sitting by your side. Even Booth Tarkington cannot paint truer child life than can Miss Rich.

Then Miss Werno delights you with a weird Irish legend, or that of some other land. There is something about her warm-heartedness that makes her a perfect teller of legends. The unwritten history of every race is its richest, and its legends are its heart throbs.

Granville Jones, who speaks in the afternoon tomorrow, belongs to that group of orators which has made the American platform famous for its inspiring leadership.

He is unique, original, always strong and delightfully interesting.

If Jones is like any man who has been in the limelight of America, it is Abraham Lincoln—tall and angular of body, always clearly logical, and yet overflowing with the richest humor. A magnetic, natural simplicity marks the manner and mental processes of the man.

Quin O'Brien, who will speak tomorrow evening, "gets away" with something that few orators attempt. He stands before his audience and calmly announces that his topics for the evening will be questions submitted by the audience. It requires a huge range of reading and study to "get by," but O'Brien does just that.

Those who have heard Mr. O'Brien think of him as a masterly, brainy teacher, who explains a perplexing problem, logically, clearly, non-partisanly. His open forum is a marvel of instruction.

Charged with Swearing Falsely

Mrs Minnie Belle Dearduff, of near Sheridan, was in Albany, Tuesday, investigating the circumstances of the marriage of her daughter, Miss Opal Dearduff to Jesse James Hawk of Parnell, which took place Wednesday of last week at the Methodist parsonage, Rev. Rutherford officiating. She was opposed to her daughter's marriage on account of her age. Mrs. Dearduff filed information against her son-in-law with Prosecuting Attorney C. E. Ernst, charging him with swearing falsely as to the age of her daughter. When Hawk applied at the office of Circuit Clerk E. E. Birge, the deputy, Emert Akes, went through the formal method of issuing the license, and the young man swore the girl was 22 years of age. The girl did not accompany her prospective husband to the office but he was accompanied by a young man friend.

Mrs. Dearduff swears that her daughter is only 15 years old instead of 22 and wants her son-in-law punished for his act in illegally procuring the license and subsequently marrying her daughter.—Albany Ledger.

Sold Shoes too Cheap

Saturday morning three tough looking young men opened up a shoe store next to the base ball grounds. They had several pairs of new shoes lined up and also were in possession of several new traveling bags. They offered the shoes for sale at $2 per pair. The shoes were of a standard make. Sam Thompson, city marshal, arrested them on a charge of peddling without a city license and held them in the city jail until Chief Seaman could come up from Oregon to get them. They told conflicting stories as to the manner in which they came is possession of new shoes and bags.

They were taken to Oregon and officials of the Burlington notified and there is no doubt but what some recent box car robbery will soon be cleared up.

Later—The men were arraigned in the circuit court Wednesday and confessed to robbing a freight car between Napier and Craig. One proved to be a deserter from the army and another was an ex-convict. The third, who was under age, was sentenced to four years in the reform school, while the two older ones were given three years in the penitentiary.—Craig Leader.

ORGANIZATIONS COMBINE FOR BIG DAY AT STATE FAIR

Farm Bureau and Governor's Day Will be Both August 11—Have Programs Together.

Sedalia, Mo., August 5.—Joint plans of the Missouri Farm Bureau Federation, the Centennial Commission and the Pettis County Farm Bureau for entertaining farmer visitors at the Missouri Centennial Exposition and State Fair are virtually completed, it was announced here today. Because Farm Bureau Day and Governor's Day both fall on Thursday, August 11, the Farm Bureau folks and the Centennial Commission decided it would be better to combine forces and prepare a great program together rather than for each group to try to arrange a separate program.

Governor Hyde will deliver an address, the exact hour to be decided within a few days. Other speakers on the joint program will include Mr. J. R. Howard, president of the American Farm Bureau Federation; Mr. C. R. Gustafson, President of the U. S. Grain Growers, Inc., Judge P. E. Donnell of Waco, Mo., Mrs. Fred Brownell of Winterset, Iowa, and Chester H. Gray, President of the Missouri Farm Bureau Federation, who will preside.

The program will be staged in the great Coliseum which seats thousands of people. There will be plenty of music to liven up the proceedings and the men who have been selected to make the speeches assure the farmers who attend that they will hear some things worth listening to.

The M. F. B. F. and the Pettis County Farm Bureau are going to co-operate in maintaining a hospitality headquarters and rest tent where farmers can meet their friends and arrange excursions, etc. There will be plenty of shade, chairs, benches, tables, iced water, etc., and someone from the headquarters office of the State federation will be in charge at all times. In addition, there will be a matron in charge of the rest tent every day of the fair.

The hospitality tent is to be erected near the function of the two main roads through the fair grounds and will be as easy to find as the Coliseum or the race track ampitheater between which two buildings it is to be located.

The agricultural exhibits, particularly those made by county farm bureaus, promise to surpass anything ever shown before. A large number of counties are planning exhibits, especially Saline, Johnson, Jackson, Jasper, St. Francois, Carroll, Andrew and others. In addition Pettis county will have an exhibit that will be a "hum dinger." Because they are located "on the ground," the Pettis county Farm Bureau folks will not enter their exhibit in competition with others which must be brought from a distance, as they figure they would have too much advantage.

GOVERNOR HYDE APPROVES GENERAL HIGHWAY MEASURE

Provides For State Bond Issue of 60 Million Dollars For Missouri Roads.

Jefferson City, Aug. 5.—Governor Hyde last night approved the general highway measure enacted by the special session of the legislature providing for a state bond issue of 60 million dollars for better highways in Missouri—his chief object when he convened the legislature in extra session.

Four highway commissioners are to be appointed, but the governor indicated that several days would elapse before he would be ready to name the men upon whose shoulders largely will rest the responsibility for the success of the new law.

"I cannot say", the governor said, "that I have not given the subject of these appointments any consideration because I have; but at this time I candidly do not know whom I will select. I am giving the matter deep consideration, and several days probably will pass before I will be ready to make the appointments."

The salary of the commissioners is fixed by the law at $10 a day when they are at work.

Shipped 18,000 Bushels.

D. A. Gelvin this week filed his report for transmittal to the department of agriculture at Washington, as required under the pure seed act.

Mr. Gelvin had 18,000 bushels of blue grass seed in his July shipment. He also shipped about 2,400 bushels in January. According to the Kentucky blue grass experts, the seed consigned to the markets by Mr. Gelvin was of the finest quality grown anywhere in the United States, having the largest, plumpest berry and all the characteristics of excellent germination qualities.

This speaks well for Northwest Missouri.—Maitland Herald, July 29, 1921.

AUGUST 18 WILL BE "AGGIE" DAY AT THE STATE FAIR

Several Noted Speakers Will Give Addresses on Missouri Agricultural School Day

Sedalia, Mo., Aug. 4.—August 18 will be College of Agriculture Day at the Missouri Centennial Exposition and State Fair August 8-20. This information was announced here today, in connection with the formation of the final draft of the official program of the Exposition.

Graduates and former students of the institution, a college of the University of Missouri, will make headquarters at the University of Missouri building. There will be a booth for registration of graduates and students where they will be furnished with badges indicative of the day and time of the celebration.

At 11:45 o'clock Thursday morning, August 18, they will assemble at the University building for a photograph and lunch. The greater part of the lunch will be furnished by the College of Agriculture. The dairy department will furnish milk and cheese; the horticulture department, fruit and vegetables; animal and husbandry department, meat. The lunch will be served by the home economics department.

There will be a short program of speaking at noon. The President of the University, Dean F. B. Mumford of the College of Agriculture and some prominent alumni will speak. Governor Hyde is invited to talk.

The afternoon will be devoted to participation in the remainder of the celebration for that day.

Legume Test in Atchison

The benefits of lime and inoculation were recently tested on experimental plots of alfalfa and sweet clover in Atchison County. In the first experiment, according to County Agent J. M. Slaughter, lime was used to aid in getting a stand of alfalfa. The other day the plots were harvested. A place 6 feet square was marked off in each plot, and the alfalfa gathered from each square. In the limed plot the alfalfa obtained made a bunch about 5 inches in diameter, in the unlimed plot the bundle was about 2 inches in diameter. The sweet clover plots were also examined, and the sweet clover cut from one plot which had been inoculated, and one plot which had not. The plot inoculated grew twice as much hay, as the one not inoculated.
